

# Maximize Modbus Devices with OPC

**Tuesday, March 20, 2007**

**1:30:00 PM - 2:30:00 PM**

**(GMT -05:00) Eastern Time (USA, Canada)**

Webcast Information

## **Overview**

**OPC connectivity enables Modbus users to pass more data through a network system with optimized and increased efficiency.**

This interactive and live webcast reviews the benefits of OPC to MODBUS users and will clearly demonstrate how MODBUS with OPC connectivity can transcend physical layers and ultimately increasing efficiency.

## **Webcast Overview**

1. Brief overview of OPC technology
2. The enablement of OPC within MODBUS
3. The OPC Server for MODBUS (Plant-based)
4. OPC Server for MODBUS (Telemetry-Scada)
5. OPC Clients available for MODBUS
6. The future of OPC and MODBUS

**MatrikonOPC is the world's largest OPC developer and proud member of Modbus-IDA.**
